Resolution 2016.38: Progression to second CD on ISO/IEC 30113-5 "Information technology -- Gesture-based interfaces across devices and methods – Part 5: Gesture Interface Markup Language (GIML)"

ISO/IEC JTC 1/SC 35

- requests Dr. Sunghan Kim to send the disposition of comments on CD ballot for part 5 of the Gesture-based interfaces project completed in Seoul alongside the 2nd CD document that results to the WG1 list with copy to WG5 and WG6 before 2016-08-30, for expert comments to be posted before 2016-09-15.
- requests Dr. Sunghan Kim to send the resulting documents to the secretariat for NP and WD registration ballot not later than 2016-10-14.
- consequently requests the Secretariat to initiate an 8-week 2d CD ballot as an outcome no later than 2016-11-01.

❖ *Approved unanimously*

Resolution 2016.39: Progression of FDIS ballot on ISO/IEC 30113-11 “Information technology -- Gesture-based interfaces across devices and methods – Part 11: Single-point gestures for common system actions”

ISO/IEC JTC 1/SC 35

- requests Pr. Jee-In Kim to send the disposition of comments on DIS ballot for part 11 of the Gesture-based interfaces project completed in Seoul alongside the FDIS document that results to the secretariat for FDIS ballot not later than 2016-09-14.
- consequently requests the Secretariat to initiate the FDIS ballot as an outcome no later than 2016-11-01.

❖ *Approved unanimously*

Resolution 2016.40: Preparing a future NP on ISO/IEC 30113-12 “Information technology -- Gesture-based interfaces across devices and methods – Part 12: Multi-point gestures for common system action”

ISO/IEC JTC 1/SC 35

- requests Dr. Hyuk Jeong to send the NP form and WD for part 12 of the Gesture-based interfaces project drafted in Seoul to the WG1 list with copy to WG5 and WG6 before 2016-08-15, for expert comments to be posted before 2016-11-15.
- requests Dr. Hyuk Jeong to prepare the resulting documents, including a solution to the alternative mode selection issue discussed at the Seoul meeting (multi-point mode activated with only one finger), no later than 2017-01-05.

❖ *Approved unanimously*

Resolution 2016.41: NP on ISO/IEC 30113-61 “Information technology -- Gesture-based interfaces across devices and methods - Part 61: Single-point gestures for screen readers”

ISO/IEC JTC 1/SC 35

- requests Mr. Song Jaeil to send the NP form and WD for part 61 of the Gesture-based interfaces project completed in Seoul to the WG1 list of experts with copies to WG 4 list of experts, WG5 list of experts and WG6 list of experts before 2016-08-31,
- requests the experts to provide comments to Mr. Song Jaeil before 2016-09-30.
- requests Mr. Song Jaeil to revise the draft as appropriate and send the resulting documents to the secretariat for NP ballot not later than 2016-10-14.
- requests the Secretariat to initiate an 8-week NP ballot before 2016-10-21, so that results be received in time for the Berlin meeting.

❖ *Approved unanimously*

Resolution 2016.42: Renewed follow-up on resolution 2015.39 on outcomes of ISO/IEC TR 15440 “Information technology — Future keyboards and other input devices and entry methods”

ISO/IEC JTC 1/SC 35

- requests Mr. Keld Simonsen and co-editor Dr. Yves Neuville to submit before 2017-01-05 the NP forms and working drafts on :

- a general model and specification method for input methods, giving some case points as presented in Seoul on various Chinese, Japanese and Korean input methods and the different input tools used by Google translate, taking care to describe those in general (briefly quoting Google is probably acceptable and maybe desirable), and potentially others,
 - a catalogue standardising identification of different character groups in existing parts of ISO/IEC 9995
 - a universal human language selection method for all user interfaces
 - asks for contributions from experts to be sent to the editors before 2016-12-05.
- ❖ *Approved unanimously*

Resolution 2016.43: Future Contribution for inclusion of characters into ISO/IEC 10646 "Information technology — Universal multiple-octet coded character set (UCS)"

ISO/IEC JTC 1/SC 35

- requests Mr. Karl Pentzlin to update document SC35 N 1579 if necessary
 - It is reminded that N 1579, drafted in 2010, was titled "Proposal to incorporate symbols of ISO/IEC 9995-7:2009 and Amendment 1 into the UCS", and rejected by JTC 1/SC 2 for "lack of evidence"
 - Modifications would be restricted to
 - checking whether any individual symbols can be unified with Unicode characters encoded in the meantime,
 - adjust the proposed codepoints to free ones in cases where the originally proposed codepoints have been assigned to other characters in the meantime
 - This document should be discussed electronically by WG 1 experts before the Berlin WG 1 meeting with the intent to submit a new request to JTC 1/SC 2 after that meeting
- further requests Mr. Karl Pentzlin to prepare and distribute a similar document for the symbols defined in ISO/IEC 9995-10 before 2017-01-05 with the intent to submit a request to SC2 after the Berlin meeting.

❖ *Approved unanimously*

WG 2

WG 6

Resolution 2016.56: Feedback for IEC SyC AAL on its use case template

ISO/IEC JTC 1/SC 35

- welcomes the activity of IEC SyC AAL in collecting use cases for AAL through a template that explicitly includes the aspect of user requirements,
- feels that it is important to provide guidance to use case submitters with regard to consideration of user needs resulting from ageing and/or disability, as given by ISO/IEC TR 29138-1:2009,
- therefore recommends to add the following note to the use case template, section 1.16 on "User requirements and interactions with other actors":

Note: For a systematic list of user needs due to ageing or a disability, consult ISO/IEC TR 29138-1:2009, Information technology - Accessibility considerations for people with disabilities - Part 1: User needs summary. This TR is freely available under [http://standards.iso.org/ittf/PubliclyAvailableStandards/c045161_ISO_IEC_TR_29138-1_2009\(E\).zip](http://standards.iso.org/ittf/PubliclyAvailableStandards/c045161_ISO_IEC_TR_29138-1_2009(E).zip).
